I Yash Ahlawat is a motivated 4th-year Computer Science Engineering student with a strong background in frontend engineering. Having completed internships at prominent companies including L&T, Bahwan Cybertek, Lyearn, and Kissflow, he has gained valuable experience in product development. Currently interning as a Product Development Intern in Frontend Engineering at Sprinklr, Yash actively contributes to enhancing user interfaces and experiences using technologies such as HTML, CSS, React, JavaScript, SQL, MongoDB, and C++. Additionally, he possesses expertise in TypeScript and a solid understanding of data structures. With a passion for creating intuitive user interfaces and collaborating effectively with cross-functional teams, I am committed to delivering high-quality software solutions.

Willing to relocate to: Gurugram, Haryana - Bengaluru, Karnataka - Chennai, Tamil Nadu

Work Experience

Product Engineer
Sprinklr - Gurugram, Haryana
January 2024 to Present

I am currently a member of the frontend team, specializing in tech stack technologies such as HTML, CSS, React.js, JavaScript, and Next.js.

Front End Engineer
Kissflow - Chennai, Tamil Nadu
June 2023 to December 2023

I have previous experience working with technologies such as HubSpot, CSS, HTML, and JavaScript, and I hold a certification in HubSpot.

Front End Web Developer
Larson & Toubro - Chennai, Tamil Nadu
December 2022 to March 2023

I previously worked with a skill set that encompassed Tailwind CSS and several AI tools such as FaceSwap, alongside frontend technologies like HTML, JavaScript, and React.js.

AI Ui Engineer
Bahwan CyberTek - Chennai, Tamil Nadu
June 2022 to August 2022

i was working on generative Ai to scale UI of the BCT website and i also had a hands on experience with one of their projects which included solar irradiation energy detection.
